

Year 2 - List of Pull Pages (Weeks 1-30)

Pull Pages are critical for different reasons:

- ✓ They provide tangible evidence that parents are engaging in activities with their child (Curriculum Standard #2 and #3)
- ✓ They provide a portfolio that can be shared with the kindergarten teacher when the child enters school
- ✓ They can be used to create a brag book to be presented to parents when their child's time in HIPPY is completed
- ✓ They provide coordinators with a way to easily track each child's progress over time to determine what additional aids and/or interventions are needed (i.e., enrichment activities, developmental assessment).

The table below (1-20) lists which page to pull (collect) each week, along with the primary skill development reflected in the specified page. Coordinators are urged to inform staff of which page to pull at the staff meeting held just prior to the week when the page will be collected.

WEEK	DOMAIN	PAGE #	ITEM	SKILL DEVELOPMENT
1	Literacy	5	Activity Sheet 1/ <i>Sounds I Hear</i>	Fine Motor Skills, Imagination
2	Math	9	Activity Sheet 2	Number Recognition, One-to-One Correspondence
3	Motor	14	Activity Sheet 4/ Treasure Map	Gross Motor, Picture Reading
4	Literacy	6	Activity Sheet 1/ Big and Small	Imagination, creative Drawing, Fine Motor Control
5	Math	8	Activity Sheet 3 / Patterns and Numeral Matrix	Whole Numbers, Numeral Recognition
6	Literacy	5	Picture of Happy and Sad Puppets	Fine Motor, Story Comprehension, Vocabulary Development, Social and Emotional Development
7	Science	14	Activity Sheet 5/ Magnetic Objects	Logical Thinking, Problems Solving, Prediction, Scientific Exploration
8	Science	15	Activity Sheet 5/Egg Experiment	Scientific Exploration, Logical Thinking
9	Math	9	Activity Sheet 2/ Between	Spatial Perception
10	Language	15	Activity Sheet 2/ <i>The Alphabet Parade</i>	Imagination, creativity

WEEK	DOMAIN	PAGE #	ITEM	SKILL DEVELOPMENT
11	Literacy	4	Activity Sheet 1/ <i>A Surprise for Reggie</i>	Book Knowledge, Story Comprehension, Language Skills, Fine Motor Skills, Imagination
12	Literacy	6	Activity Sheet 2/ <i>A Surprise For Reggie</i> Puzzle	Eye-hand coordination, Visual Discrimination and Problem Solving

13	Math	8	Activity Sheet 2/ Connect the Shapes	Shapes concept development, Fine Motor Control, and Expressive Language
14	Literacy	4	Activity Sheet 1/ <i>A Surprise for Reggie</i> Story recall	Fine Motor Control, Reading and Writing Readiness, Recall Skills, Problem Solving, and Language Development.
15	Science	16	Activity Sheet 3 /Things that change when cooked	Language Development
16	Science	11	Activity Sheet 2/ Effects of Salt and Vinegar and Metal Corrosion	Scientific Method: Prediction, Scientific Exploration
17	Literacy	5	Activity Sheet 1/ <i>Down the Path</i> Story Recall	Fine Motor Control, reading and writing readiness, Story Comprehension and Cognitive Development.
18	Math	10	Activity Sheet 2/ Numbers & Counting	Counting
19	Science	14	Activity Sheet 4/Floating and Sinking	Sensory: Touch, Math Concepts, and Fine Motor Control
20	Language	17	Activity Sheet 3/ Maria's School	Listening Skills, Story Comprehension, Story Mapping, Sequential Memory, Time Relationships, Picture Reading, language
21	Science	15	Activity Sheet 3/Properties of water: Drops	pincer grasp/fine motor control, scientific method: investigation
22	Math	11	Activity Sheet 2/Math, Numbers Counting	Counting
23	Science	10	Activity Sheet 3/Living and Non-living things	cognitive: logical thinking and problem solving, mathematics, fine motor control
24	Literacy	5	Activity Sheet 1/Stella and the Kittens	book knowledge, story comprehension ,expressive language skills, imagination emergent writing skills, alphabetic principles
25	Science	10	Activity Sheet 4/Living Things	logical thinking skills, cognitive development, Expressive and receptive language fine motor development
26	Math	8	Activity Sheet 3/Measuring	Measuring, comparing, numeral recognition
27	Math	6	Activity Sheet 2/ Patterns	problem solving logical thinking
28	Science	14	Activity Sheet 4/Nature	observation: scientific method, writing readiness, visual discrimination skills
29	Math	10 & 11	Activity Sheets 2 and 3 after	Concept development: shapes and

			being glued	colors, math concept: algebra, fine motor control, her develop fine motor control and visual discrimination skills, socio-emotional development
30	Literacy	6	Activity Sheet 1/Sorting animals	language and vocabulary development, cognitive development
